

# Free workshops for teachers

Come and meet the author of the new 'Investigating Alpine Environments' secondary resource, and DOC staff from Whakapapa Visitor Centre. At these workshops, you will receive your own copy of the new resource and learn how to get the most from your visit to the Tongariro National Park.

- ▷ Find out more about DOC's new procedures for all visiting schools
- ▷ Find out how to book, and borrow practical teaching and learning resources from Whakapapa Visitor Centre
- ▷ Collect your own hard copy of the resource

Free afternoon tea on arrival.

For more information and to register for a workshop, visit [www.doc.govt.nz/education-alpine](http://www.doc.govt.nz/education-alpine), or contact [conserved@doc.govt.nz](mailto:conserved@doc.govt.nz)

# Investigating alpine environments

This resource introduces secondary (Years 9–13) students to New Zealand alpine environments.

This is a classroom-ready resource with key concepts, curriculum links and activities included to support teaching and learning in New Zealand's extraordinary alpine environments. Learn how to use the Tongariro National Park as a study site.

- ▶ Aligned to NCEA Levels 1–3 Science, Biology, Geography and Education for Sustainability Achievement Standards
- ▶ 'Real life' context for learning – Tongariro National World Heritage Park as a study site
- ▶ Classroom ready
